	20.00-02.00: Teacher performance & Danceparty 😊	19.00-22.30: Weekly socialdance in the small room.

General information about the weekend:

During the weekend we will play music in the small room when the workshops run. Those of you who are in Intermediate level can socialdance here while advanced workshop is held, the same goes for Advanced dancers when Intermediate workshop is held. Out of respect for the teachers and your fellow dancers you cannot stay in the ballroom talking/drinking coffee/watching the class, if you are not taking part of the workshop. If you registered for both levels you are of course taking part of all classes.

The yellow classes are mixed levels- open for everybody. This is done because we are hoping to cover important aspects of the dance that dancers of both levels can & will benefit from.

We will try to organize lunch that you can buy at the venue on both Saturday and Sunday if enough people are interested in this. You will have to sign up for this at registration on Friday.

Saturday night we will be selling beer and wine at the venue.

Maxime and Torri are among the best west coast swing dancers in the world. It is a great honor for us to bring them to Norway! Maxime has been here before, and some of you know him. Torri has never been to Norway, and I am sure you all will make her feel welcome. Together they will challenge and inspire you in mysterious ways! Please enjoy the weekend, dance with strangers and make new friends 😊 Welcome everybody 😊
